SUMMARY

Frontend Developer with hands-on experience building responsive and user-friendly web applications using HTML5, CSS3, JavaScript and React JS. Developed multiple projects showcasing strong UI design, responsiveness, and clean coding practices. Familiar with Git and GitHub for version control. Eager to contribute to a development team while continuously learning and improving technical skills.

PROFESSIONAL EXPERIENCE

Intern

08/2025

AspiraSys

- Designed and developed responsive web applications using **HTML5, CSS3, JavaScript, and React.js**
- Created reusable UI components, improving code efficiency and scalability
- Built dynamic and interactive features using **JavaScript (ES6)** and DOM manipulation
- Developed single-page application features using **React components, props, and state**
- Optimized applications for **performance, responsiveness, and cross-browser compatibility**
- Managed source code using **Git and GitHub**, ensuring proper version control and collaboration

EDUCATION

Bachelor of Computer Application (BCA)

2024 – Present

MHIS College

Pernambut, TN

- Pursuing a degree focused on core areas of **computer science and software development**
- Gaining strong foundational knowledge in **programming, web development, and database management systems**

Computer Science (CS)

2021 – 2023

Parudur Higher Secondary School

- Completed Higher Secondary education with a focus on **Computer Science fundamentals**
- Gained foundational knowledge in **programming concepts, basic algorithms, and computer applications**

SKILLS

Responsive Design

UI Performance Optimization

React.js Development

JavaScript ES6+

INTERNSHIP EXPERIENCE

AspiraSys, Chennai

September 2025 – October 2025

- Successfully completed a 1-month internship in **Web Development, AI Tools, and Deployment Platforms**
- Developed a **personal portfolio website** as part of the internship project
- Gained hands-on experience in **HTML5, CSS3, and JavaScript** for building responsive web applications
- Explored modern **AI tools** and their integration in development workflow
